These are the Mac computers that support Metal: • MacBook (Early 2015) • MacBook Air (Mid 2012 or newer) • MacBook Pro (Mid 2012 or newer) • Mac mini (Late 2012 or newer) • iMac (Late 2012 or newer) • Mac Pro (Late 2013 or newer) It's possible to build custom Mac systems with Metal support, either using an old Mac Pro and upgrading the graphics card or building it from scratch using compatible parts (Hackintosh).. The Witness requires Metal for rendering Metal is a graphics technology from Apple that allows faster and more fluid graphics.. We do require the games to be actually running video games (no paper prototypes or board games, for example; those things are fine in themselves, they're just not what this grant is for.. For any questions not answered in this post Contact us: April 2, 2018 We released The Witness for MacOS a little while back, and we felt it'd be a good idea to post the system requirements somewhere so we could link people to them when they ask.. What kind of game development are these grants intended for? We're giving out these grants in conjunction with a game project we're developing ourselves, and that project is setting the theme: puzzle games that take place on a discrete grid where the interesting gameplay comes from unique rules governing the behavior of the objects.. This game respects you as an intelligent player and it treats your time as precious.. There's no filler; each of those puzzles brings its own new idea into the mix.. If you have any question about eligibility, just put in your submission via the form below and ask, and we'll get back to you.

These configurations are unsupported, but some customers have found them to work.. Recipients will be chosen by a jury of independent game designers We will notify recipients by May 18, 2018.. In addition to the other eligibility requirements, you need to have the time and inclination to work on your game idea and develop it into a playable state.. How will the design of submitted games be implemented? You can implement your design any way you like..) How will the grant funds be awarded? Who owns the resulting work? Smaller grants will be given 100% up front.. These games may involve block pushing, or they may be about manipulating more-complex objects that occupy grid squares.. If any of the following descriptions apply to you, you are eligible * Women * Trans or Gender non-binary * LGBTQIA * People of Color * Not from North America, Europe or another western nation * English is not your first language * Disabled * People with mental health issues This list is not exhaustive.. Here are some examples of games we like that fall into this general area: -,,, by Alan Hazelden - and by Sean Barrett - by Qrostar -,, and by Jonah Ostroff - by Anna Anthropy -, and by Michael Brough - by Noumenon Games - by Kenny Sun - by Stephen Lavelle - and in general see the games on the We prefer to support new work with these grants but may also consider funding the porting of existing games to new platforms if you make a good case for it.. Larger grants may be given out in milestones, with the first milestone paid up front, later funding being contingent upon completing earlier milestones.

witness meaning

Approximately 3-6 people will each receive between $3,000-$20,000 to use to complete their games.. We like puzzle games and want to support more people in making them So, we're offering grants to independent game designers from traditionally underrepresented groups, to work on grid-based puzzle games.. After more than a year waiting for it, The Witness is finally available for Mac Not familiar with The Witness? Well, this open-world puzzle game comes from.. Who is eligible?These grants are intended to support creators who are underrepresented in today's game industry or who do not receive much support from the existing structure.. How do I apply? If you are interested in applying, please follow this link and submit by April 23: Include the following: - A brief paragraph about who you are - A brief paragraph about your game idea - The amount you are requesting - include a breakdown of how you will use the total grant amount - Links to your in-progress or past work What is the deadline for applications / When and how will recipients be selected? Submissions close on April 23, 2018.. You own what you make with this grant We seek no rights to the resulting game and there are no strings attached.. You can release your game commercially or non-commercially We do not care what platform you build your game for (PC, console, phone, whatever else), or what the revenue model is if the game is commercial.. The Witness is a single-player game in an open world with dozens of locations to explore and over 500 puzzles.
